Summary

Please provide a brief summary of all regulatory changes, including the rationale behind such changes. Alert the reader to all substantive matters or changes. If applicable, generally describe the existing regulation.

Public participation guidelines exist to promote public involvement in the development, amendment, or repeal of an agency's regulations. Under §2.2-4007.02 of the Code of Virginia, every rulemaking body in Virginia is required to adopt public participation guidelines and to use these guidelines in the development of its regulations. Chapter 321 of the 2008 Acts of Assembly (effective July 1, 2008) mandates that by December 1, 2008, agencies either adopt model public participation guidelines issued by the Department of Planning and Budget or if they need to make significant changes to the model guidelines, promulgate new public participation guidelines as fast-track regulations.

The Forensic Science Board and the Department of Forensic Science are promulgating the model public participation guidelines. Highlights of the model public participation guidelines include the addition of negotiated rulemaking panels and regulatory advisory panels and instructions for notification lists.

Statement of final agency action

Please provide a statement of the final action taken by the agency including (1) the date the action was taken, (2) the name of the agency taking the action, and (3) the title of the regulation.

The Forensic Science Board voted to adopt the model public participation guidelines at their public meeting on August 6, 2008. These public participation guidelines will be adopted by the Department of Forensic Science and the Forensic Science Board, the Department of Forensic Science will repeal their current public participation guidelines.
